

LOVE

Is your congregation becoming more interested in earth care? Are you personally seeking opportunities to commit to better stewardship of God's creation? The Earth Care Team is starting a list-serve connecting PGV congregations, ministries, and individuals. On this list, the Team will share events and information that invite transformative actions, share spiritual inspiration, encourage education, and/or help shift consciousness. We desire that this list-serve encourage face-to-face gatherings around Earth Care, rather than lengthy discussions over e-mail. The Earth Care Team hopes to stimulate more teams forming throughout the presbytery, perhaps in a geographical area, or with a particular emphasis on one aspect of earth care—say, food issues, localism, environmental justice, energy consumption, etc. We promise to keep the e-mails in the 4-8 e-mails/month range. Please consider signing up and being part of a movement to care for God's creation!

Laurel Nelson,

for the Earth Care Team of Genesee Valley Presbytery

To be added to the 'EarthCare' email group, please contact either Cheryl (programsecretary@pbygenval.org) or Beth (officeadmin@pbygenval.org)
