

# Presbyterian Youth Triennium 2019

July 16–20, 2019

Purdue University

Production Team Application—A Call for Enthusiastic, Thoughtful, and Hard Working Individuals! Applications are now being accepted for the production team for the upcoming Presbyterian Youth Triennium. Do you know of a high-school-age youth or a faith adult who works well with youth, who has a passion for leader development, or who might be poised to take the “next steps” in their faith formation? Your encouragement to a potential applicant—to consider the opportunity, to apply for a spot on the production team—might be THE nudge this youth or adult is seeking. As an integral ministry mentor and leader, you have the privilege of engaging with a number of congregations, with a great body of energetic leaders or accompaniers of leaders!

Please pass the word to your churches, teaching elders, ruling elders, educators, and youth workers that NOW is the time to consider inviting youth, young adults, and adult leaders to apply. Applications are now being accepted for the volunteer production team. Deadline for completed applications is September 15, 2017. Thank you for your attention and your assistance in this endeavor. Applications and required reference/parent permission forms are available on the Triennium website:
