

PRAYER PROFILE: TRINITY CHURCH OF NUNDA, Nunda, N.Y.

A Federated Congregation of the American Baptist Churches USA and the Presbyterian Church USA, Trinity Church of Nunda is located in the heart of the village of Nunda about 40 miles south southwest of Rochester. Like most of us, organizations and people alike, the church has been grappling with the effects of the COVID-19 pandemic this year and it has been a significant part of their prayer life and church ministry.

When the pandemic started the pastor, Rev. Ron Duttweiler, quickly transitioned to using the church's active Facebook page to begin live streaming their worship service. You can visit their page and see all the services back to March. Currently, they are able to gather in the sanctuary while also live-streaming for those unable to be present in person. Even with in-person worship, Pastor Ron says a major concern is how the congregation will stay connected. Families are becoming more isolated. Parents worry about bringing the disease home to kids who then might take it to the more vulnerable grandparents. The congregation wants to be sure to continue to be a fellowship of believers and not just individuals watching church on TV.

Another concern is for the people of the region who are struggling to make ends meet. The church has been partnering with the Village of Nunda to provide free groceries on a regular basis. Over the past several months the need has grown. Earlier in the year 120 units of food would be enough to supply every one that participated. Now, there are still people in line even after 180 units have been given out. Furthermore it is uncertain how long the village government will be able to continue. They are also praying for the message to be clear that they provide this food not because they are nice people but because God loved us and they want to love others with God's love and proclaim the Gospel both in words and deeds.
